

AWMS-DB

Single Display Monitor Arm

The AWMS-DB is a premium monitor arm designed for workspaces where frequent display adjustment is required.

This includes sit-to-stand desks and multi-user workstations.

10 year warranty

AWM modular mounting family

Desk fixing options (sold separately)

Bolt through AWM-FB

Offers flexible mounting position. Used when attachment to the edge of the desk is not possible. Suitable for desks up to 33mm.

Grommet clamp AC-GC

Utilises an existing grommet hole or can be used as bolt through fixing. The plate provides extra stability for heavy loads. Fits grommet holes 60-80mm in diameter.

F-clamp AWM-FF

Traditional two-piece design that is used for retrofit and thicker desk surfaces up to 79mm.

C-clamp AWM-FC

Suited to desks with potential to interfere with the elements under the desk such as cable cages. Suitable for desks up to 33mm.

Accessories

The display mounting head can be replaced with the SNTB notebook holder. The arm can be also attached to any AWM post via AWM-LC channel clamp.

Notebook holder SNTB

Channel clamp AWM-LC

Ordering AWMS-DB desk mount:

AWMS-DB consists of the following parts:

- 1 x AWM-AD dynamic arm
- 1 x AWM-LB desk base

Desk fixing options:
